
What support do you have as a parent?

None of us had — or are —
perfect parents.

Raising children is hard
... it helps to get help.

Childhood today is different ... our parenting needs to evolve.

**We want all parents and caregivers to take
advantage of parenting programs.**

We support
policy and practice initiatives that

**make parenting education
available, accessible, affordable and attractive
to all parents and caregivers**

to support children's wellbeing
and healthy development
from birth through young adulthood.
